

Working in a globalised world

Carmen Müntzenberg

"The World Is Flat" ist der Name eines Buches von New York Times Kolumnist Thomas L. Friedman. Der Buchtitel ist eine Metapher für gleiche Wettbewerbsbedingungen der Firmen weltweit. Was bedeutet die Verflachung der Welt für Länder, Unternehmen, Gemeinschaften und Einzelpersonen, und wie können und müssen sich die Menschen anpassen? Materialien zu dem Thema „Working in a globalised world“ setzen hier an und bieten zunächst einen kurzen Überblick über die Geschichte der Globalisierung. Sie zeigen außerdem an verschiedenen Beispielen auf, wie sich die internationale Arbeitswelt verändert und welche Möglichkeiten sich dadurch für die Menschen öffnen.

Working in a globalised world

Facts

Notes on the material

Topic 1: Jobs around the world

1

Topic 2: A brief history of globalisation

14

Topic 3: International social job opportunities

25

Competences and skills:

The overall goal of the unit is to develop **subject-specific competences** related to the topic of working in a globalised world. These competences are acquired through working with various forms of texts, including reading, visual, and audio-visual texts. The acquisition of these skills requires the application of **reading, speaking, and listening skills**. The results of the learning process are practiced through role plays, presentations, group discussions, collaborative group work, and a role discussion. Additionally, creative writing tasks, analysis of two pictures, and poster creation are used to promote skill acquisition.

Overview:

List of abbreviations:

A	Analysis
CT	Creative task
G	Group work
PR	Presentation
RC	Reading comprehension
V	Working with a video
W	Writing

C	Comment
D	Discussion
P	Working with a picture, cartoon
R	Research
T	Working with a text
VLC	Viewing/listening comprehension

Topic	Materials	Methods/Skills
1: Jobs around the world	M1–M3	C, D, G, P, PR, R, RC, T
2: A brief history of globalisation	M4	A, CT, R, T, V, VLC
3: International social job opportunities	M5	A, CT, P, PR, T

Topic 1: Jobs around the world

Worksheet – Working abroad

Research

1. Do online research to find out about different types of globalisation. Then develop a mind map with your classmates.

Reading comprehension

2. Read these German texts. Sum up the arrangements you should think of before you apply for a job in a foreign country.

[last access: 03/05/2023]

Group discussion

3. Engage in a group discussion on the pros and cons about working abroad. Use these role cards for a start but add personal opinions or additional aspects to make the discussion livelier. It is important to stay within the assigned role but also be prepared to reach a compromise.

Role card 1: Pro

- There are certain jobs that you cannot do in Germany, such as working in a rainforest or being an intern at a German consulate.
- The experience gained from working abroad can also increase the likelihood of finding a better job upon returning home.

Worksheet – Working in a global career

M2

Working with a cartoon

1. Analyse the cartoon and comment on the challenges people who work in an international job have to live up to.

Giving a presentation

2. Choose a famous person who works in a globally active way and give a presentation on the person's life and job. You can either come up with your own idea or focus on one of the people suggested here.
