Wie steht es um die phonologische Bewusstheit der Kinder in der Klasse? Mit den vorliegenden Materialien für den Deutschunterricht der Grundschule können Sie in den ersten Wochen des Anfangsunterrichts diese Vorläuferfähigkeit überprüfen und darauf individuelle Übungsmöglichkeiten abzuleiten. Die Aufgaben beinhalten den Umgang mit Reimwörtern, Silben, Anlauten, Endlauten und Vokalen. Das enthaltene Wortmaterial ist möglichst lautgetreu, sodass leistungsstarke Kinder alternativ auch schon mit dem Verschriften erster Wörter beginnen können.
