Lara hopes that her parents agree to spend their holidays in Canada. Prepare her arguments for a trip to a Canadian hotel.

On the Internet, she finds some interesting offers:

City or nature – what do you prefer¹?

Vancouver is perhaps the best place to be if you like cities, shopping and doing sports. Skiing or surfing and visiting big malls are only some of the favourite activities. If you prefer being in close touch with nature, stay at Jasper National Park. It's Canada's largest park in the Rocky Mountains. Everything is possible there – from a five-star hotel to camping.

Here are two offers:

Holiday Inn Express-Langley ★★👍

Our hotel is located on the Trans Canadian Highway 1 which takes you to the beautiful city of Vancouver in 45 minutes.

Our rooms provide² flat-screen cable TVs. Every room has a microwave and a refrigerator³.

Guests can relax in the indoor pool or work out in the gym at the hotel. The Greater Vancouver Zoo is a 20-minute drive from the hotel. A big mall for shopping fans is just next door. Do you need someone to carry your bags? No problem, call us – we'll bring you your shopping bags at low cost.

Families love our hotel, because we offer self-catering facilities⁴, lunch bags and a cleaning service for your laundry⁵.

The Fairmont Jasper Park Lodge ★★★★★

VORANSICHT

Hinweise

Was in Amerika schon lange Trend ist, gewinnt auch in Deutschland immer mehr Fans. Das **Scrapbook** ist eine Mischung aus Fotoalbum und Tagebuch und dient als Erinnerungsspeicher. Der vorliegende Unterrichtsentwurf nutzt diese Idee und regt die Schülerinnen und Schüler¹ dazu an, Geschriebenes und Bildliches zu verbinden. Unterbewusst generiert diese Form der Arbeit eine tiefgreifende Verknüpfung der beiden Bereiche, die zu einer verbesserten Speicherung erarbeiteten Wissens führt (vgl. Mnemotechnik). Darüber hinaus werden die von der WHO aufgezeigten *life skills: self-awareness, creative thinking und decision making* trainiert.
